EDUCATION

B.S., Computer Science

2019 – Present

California State University, Fullerton

Currently a fourth-year student with the intention of obtaining my Bachelor's Degree in Computer Science.

WORK EXPERIENCE

Tech Sales Associate

August 2020 – August 2022

Staples, Whittier

- Performed various computer repair services for Staples customers including virus removals, software installations, data recoveries, back-ups, troubleshooting common issues, and diagnosing PCs.
- Market all electronics that are sold in the store like laptops, monitors, printers, and shredders.
- Ensure our store's ESP numbers never fell below 10%

EDUCATIONAL EXPERIENCES

Summer 2021 Research Intern

June, 2021 – July, 2021

California State University, Fullerton

- Worked alongside CSUF professor, Dr. Yu Bai, in designing and coding a self-driving robotic car.
- Learned fundamentals of AWS

Summer 2022 Research Assistant

June, 2022 – July, 2022

California State University, Fullerton

- Worked as a peer mentor for Dr. Donia Bein summer 2022 research interns.
- Guided students with choosing an engaging research topic, using Jupyter notebook, and completing a final poster

Work Prep Selected Participant

June 2022

Girls Who Code and Accenture

- Met with leading industry professionals at Accenture in a 4-week-long virtual mentoring program as a mentee.
- Program focused on technical workshops and professional development.
